

# The Shops of Heirlooms & Comforts

## Scraps

### Hi, Grandma's Friends:

My name is Wyatt. I got to the computer before Grandma did to write this letter. I came to her house for Thanksgiving with my mom and dad and then Mom and I stayed over till Christmas. Can you imagine what three weeks with Mom, Grandpa and Grandma is like—I keep trying to help do things but they are picky about a lot of procedures. Oh well, they'll miss me when I go home!

Grandma mentioned several things that she says you will be really interested in. She talked about the classes in the new schedule that people really want to take. They can complete registration and pay tuition between now and January 13 to qualify to purchase your class supplies at 25% off. That's over double the regular discount and makes it important to come in to

register and get prepared. Grandpa talked about someone named Diana Cedolia who is a serger specialist and is going to help people learn to do more things with their Huskylock machines. She will be very interesting to work with because I really like things that move and make noise.

Cold and bleak weather might be in store before warm springtime, I heard them say. When its not nice out it is a good time to make beautiful quilt things that make people happy and make you feel really good about yourself for making something pretty. I really like the quilt things that Grandma made for me!

The other reason that Mom and I stayed until our early Christmas celebration with our Ballentine family is that we wanted to be here

when my cousin Jackson was born. That boy has a lot to look forward to in this family. Grandpa would be even more fun if he would let us help him service machines, but he is very firm about not letting me in his workshop. I could really help if he would be quiet a while. There are lots of things that I want to teach Jackson if I can get alone with him for a few hours. I'm about to figure out how grandparents operate. I hear Grandma calling me, so I'll leave the computer now and see if she has something tasty for me.

Bye,  
Wyatt Newton Kaspar

P.S.: Jackson Robert Howell was born on December 7, 2006 and weighed 7lbs. 5ozs. I saw him and I giggled at him. That really thrilled my Grandma. He is kinda cute; I'll have to watch out that he doesn't become too big a rival! Aunt Katherine is doing well, and she still likes me too.

25% off

#### CLASS SUPPLIES\*

\*Class supplies can be purchased anytime prior to class and are limited to teacher supply list.

Check out the **Fabric Mover™** with **Stitch Regulator** by Quilter's Cruise Control from Husqvarna Viking. This accessory works with most of the Husqvarna Viking machines and enables free motion quilting, thread painting, stippling and more! Easy and fun! - check web site for details

## Add Your Support for Persons in Need

Most of us have been very fortunate to be able to live in the style that we desire. For that reason, we should think about other people who are less fortunate and have a hard life. There are those who are abused and/or impoverished or otherwise not able to enjoy a hobby or

pastime the way we can. Joan Grove at H & C has come up with a way that we can band together to make an impact on the lives of some of those who are in need in some way. Look for e-mails to come your way soon about a Yard Sale at Heirlooms & Comforts

where you will be able to clear out some of your excess or no longer loved sewing-related items to generate money to aid persons less fortunate than we are. Details are being worked out now. We will be in touch about this very soon.

## Soiree 2007

Once again we are happy that Quilters of South Carolina is coming to the Upstate. This time they are arriving in Greenville on March 23 for the Spring Meeting at Palmetto Expo Center on March 24. There is a delightful program and workshop planned for all members to participate in.

Again the Shops of Heirlooms & Comforts wishes to invite members to attend a pre-event at our shop at 1266 Woodruff Road, in Greenville. We will have a multitude of special things in store for you on that evening, not the least of which is a presentation of light horsd'oeuvres and refreshment.

We look forward to seeing all of you between 6:00 and 8:30 PM on March 23.

## New Faces

Have you been in to see that there are new faces working at the shops? We are grateful that there are really nice people who wish to work in our shops.

At Viking Sew 'n Quilt Carol Alperin is the newest addition to our staff. She is a wife and mother and an avid quilter with great skill. Once in a while she will teach a class. One of her miniature quilts is hanging in the shop—what workmanship. Carol works near the weekends. Others whom you may have noticed are Nancy Hunt and Kathy Wilson. Now never let it be said that we can't duplicate names for those who work with us. You can

soon learn the difference between saying C-Cathy and K-Kathy. Kathy Wilson is also a wife and mother who is a part time associate and former smocking enthusiast who has turned into a quilter and hand smocking teacher. She is a very thorough teacher and splendid embroiderer. Nancy Hunt, our other new part time associate, is also a wife and mother who is quite a quilting enthusiast as well. She is very knowledgeable and ready to be of assistance to you at any time that she is in the shop.

New associates at H&C are Kathy White and Meg Moyle. Kathy has had some great classes in the Scrap Quilt Club

at our store in Central. This young Grandmother always has a smile and a pleasant greeting for everyone. She is knowledgeable about quilt color and construction. Meg Moyle is now our great reliever—she will fill in for persons who have to be away. Meg is a Grandmother also with babies in North Carolina and in South Carolina. She and Dave have been retired for several years now and live very close to H&C.

Be sure to meet these persons soon if you haven't already done so. They are waiting patiently to see each of you and make your acquaintance.

## Viking Educator and Serger Queen Dianna Cedolia

Dianna Cedolia is a Husqvarna Viking Educator who is in demand across the country to lead workshops and seminars on 3-D Embroidery and Serger Education among other topics. We only had to wait two years to get on her schedule. So, now she is going to be in town in March for two days. March 23 she will be at Heirlooms & Comforts, and on Saturday March 24 at Viking Sew 'n Quilt. Ser-

ger techniques is her topic, and Dianna will be doing a Notebook Class featuring the accessory feet for the Huskylock sergers. At the end of the day you will know much more about the capabilities of your serger and what you can sew with it. You will get hints to make your projects done on the

Dianna Cedolia

serger more professional. Come one, come all to learn from the Queen of Sergers.

Don't miss the  
Queen of Sergers!  
March 23 in Central  
March 24 in Greenville  
Call store for details.

## Spring Trips

Again in early spring there are a number of trips that members of the staffs will make. First is the Husqvarna Viking Convention where dealerships learn what is new and "happening" in the world of sewing machines. There will be

classes to teach us new tools and to introduce us to new products. We never know until we arrive what that will be. We also learn new projects to teach you that make sewing even more fun.

Then in May several of us will go to Seattle to Spring Quilt Market. There, again, we learn what is new for you. The designers will be showing their new items and books and patterns will abound. It is always a fun trip that is very hard on the

"bodies" who go. We start at 6:30 AM and are on our feet making decisions for you until sometimes 9:00 or 10:00 PM.

This is a vital part of the lives of shopkeepers.

## Horn Quilter's Dream Combo
